or for a seat on the Carbondale City Council should take a stand. We have stated these three issues, particularly the first two, in very broad terms. All candidates, therefore, will be able to address themselves to these three issues either in general terms or in very specific terms."

"In speaking on these three issues," Powell added, "all candidates are expected to state, in concrete terms, how the stand that they take on these three issues will help to solve some of the problems that are confronting the city of Carbondale."

On May 5, 1983, another town meeting, sponsored by the Historical Society, will take place in the Social Hall of the Berean Baptist Church. At the May town meeting, all candidates for the Carbondale School Board will be invited to outline the steps that they propose to take on behalf of quality public school education in Carbondale.

Earlier this year, on January 6, the Historical Society sponsored a town meeting on the subject of the new Carbondale Post Office and the fate of the present office building.
